

# Synthesizer

1. Fill in words for the first row. You can pick a theme or write random words that come to your mind. Pass the sheet to the person next to you.

2. Fill in the second row (4 words) by combining previous words to make up new concepts. Pass the sheet to the person next to you.

3. Combine the words again to fill in the third row (2 words). Pass the sheet to the person next to you.

4. Combine the remaining two words to finalise your new concept. Pass the sheet again to the next person.

5. Visualize the synthesized word.
